Support to Special Guardians
Introduction
Tower Hamlets is a Registered Adoption Support Agency and as such provides a support service to Special Guardians and Adopters. This is provided by group of social workers based in the Permanency and Adoption Support Team.

Legal Framework
The framework for support to Special Guardians is set out under the Special Guardianship Regulations 2005.

What Support is Available to Special Guardians?
• Financial Support
• Services to allow children, parents, special guardians and prospective guardians to discuss matters of Special Guardianship.
• Assistance, including mediation in relation to contact with parents or relatives.
• Therapeutic Services to meet the needs of the child.
• Assistance to meet the needs of the child to include, training, mediation or respite care.

Who can ask for Support?
• Special Guardians
• The child
• Parents of the child
• Other relatives or persons with a relationship with the child.

You can ask for an assessment of your support needs at any time. A social worker would meet with you to gather information for a report.

A decision as to the provision of services would then be made and conveyed to you.

Tower Hamlets will provide support to all Guardians for three years after the granting of the order. If you live outside of the borough, after three years your support needs will be the responsibility of your own local authority.

If you continue to live in the borough we will provide the support as and when you need it.

If you have moved into Tower Hamlets from another area and it has been three years since the date of your order you can contact Tower Hamlets for support. This includes learning opportunities, support groups and social events for guardians and children.

Financial Support
Some Guardians may receive financial support in the form of an allowance. This is reviewed annually to take into account any change of circumstances. Tower Hamlets has responsibility for this financial support throughout the time you are caring for the child.

Financial Support will stop under the following circumstances:
• The child ceases to live with the Guardian
• Child ends full time education and begins to work.
• Child qualifies for income support or Job Seekers allowance
• Child becomes 18; but if they are in full time education the allowance can continue to the end of the course or training period.
